

ST JOHN
AMBULANCE
AUSTRALIA INC.
TOID 88041

ASTHMA IN WORKPLACE

The course gives you the confidence, knowledge and skills to recognise and manage an asthmatic emergency including the use of the asthma inhaler.

COURSE DURATION

Two hours face-to-face training and assessment.

CERTIFICATE

On successful completion of this course you will be issued a statement of attainment in:

- 22282VIC – Course in the Emergency Management of Asthma in the Workplace

St John recommends, as per the *First Aid in the Workplace Code of Practice* and the Australian Resuscitation Council guidelines, that asthma skills are renewed every 12 months.

COURSE OUTLINE

This course covers:

- Asthma signs, symptoms and triggers
- Asthma medications and devices
- Asthma action plans
- Asthma risk management planning for the workplace
- Hands-on-practice in using Asthma inhalers
- Asthma first aid management

ASSESSMENT METHODS

A successful outcome for this statement of attainment will be determined by a range of different assessment methods including written assessment, observation of simulated and practical activities etc.

You will be required to demonstrate CPR on a manikin on the floor.

ENTRY REQUIREMENTS/PREREQUISITES

There are no entry requirements or prerequisites to undertake this training.
