

ST JOHN
AMBULANCE
AUSTRALIA INC.
TOID 88041

MANAGE FIRST AID RESOURCES

This course gives you the skills to perform risk assessments and determine your first aid needs in line with workplace health and safety legislations, and the first aid codes of practice. It also teaches you how to design and run first aid facilities (such as sick rooms) and implement and monitor incident responses in your workplace.

This course should be completed by anyone who is responsible for coordinating first aiders or managing a first aid facility such as a sick room.

COURSE DURATION

St John offers the following options:

- Half day of training and assessment
- Assessment only, requiring completion of a workbook (no classroom attendance).

CERTIFICATE

On successful completion of this course you will be issued a statement of attainment in:

- HLTAID008 Manage first aid services and resources

COURSE OUTLINE

This course covers the following:

- Designing and managing first aid facilities
- Management of first aid documentation
- Designing incident response plans
- Performing risk assessments
- WHS first aid legislation and codes of practice

ASSESSMENT METHODS

A successful outcome for this statement of attainment will be determined by a range of different assessment methods including written assessment, observation of simulated and practical activities etc.

You will be required to demonstrate CPR on a manikin on the floor.

ENTRY REQUIREMENTS/PREREQUISITES

There are no entry requirements or prerequisites to undertake this training.
